The chefs of Michelin-starred restaurant finishes develop creative, original, playful, poetic and flavorful flavors... A kitchen that knows how to exercise discretion in the products of the sea and the land, a kitchen that has constantly reinvented chefs who imagine new flavors for our greatest joy. Very predictable Michelin list every year and spoiled pinister: 11 restaurants are Michelin starred (1 two stars and 10 stars one)! It's brittany's most star-studded department.
